

AMENDMENTS TO THE DRAWINGS WITHOUT MARKINGS

IN THE DRAWING:

Figs. 6 and 7A have been amended.

REMARKS

This Amendment is submitted preliminary to the issuance of an Office Action in the present application.

Applicant has canceled original claims 1-22 in favor of new claims 23-41 which are intended to present claims in proper form and language and to better encompass the full scope and breadth of the invention, notwithstanding applicant's belief that the claims would have been allowable as originally filed.

In addition, applicant has amended the specification to make a reference to the receive module 41, as set forth in original claim 11. Figs. 6 and 7A have been amended to make them consistent with the changes to the specification. No new matter has been added.

When the Examiner takes this application up for action, s/he is requested to take the foregoing into account.

Respectfully submitted,

By:
